- 6- E8PA card will not couont towards your sales in your cell.
- However, it will be included in your unit price total when calculating the bonus.
- 7- When your 8Point downlines complete a cell, you will receive an additional bonus
- (You must complete your own cell first)
- 8- Your bonus amount will depend on your sold unit price by your country/region.
- 9- Your own made cell (3 direct sales) is limited to only one cell in this campaign.
- 10- Your first self purchase product (on registration day) will affect your campaign bonus.

# Campaign Bonus (Set Rate)

The right chart will be the bonus amount if you have registered K8 as your self-purchase product and sold three K8 units as your cell.  $\downarrow \downarrow \downarrow$ 

							≁iiyer
Unit Amount Tota	Achieved week	Campaign Bonus	- 1	Unit Amount T	ota	Achieved week	Campaign Bonus
\$9,000	1Week	\$400	Ī	\$14,940		1Week	\$660
	2Week	\$300			Ī	2Week	\$500
	3Week	\$200			Ī	3Week	\$330
	4Week	\$100				4Week	\$170

We have intentionally round up/down some numbers on the flyer. The actual bonus is shown below.

(1week :\$664 2week :\$498 3week: \$332 4week: \$166)

#### Calculation

(Total price of 3 direct sales)  $\div$  (\$4980  $\times$  3)  $\times$  week status  $\times$  (Your self-purchse price  $\div$  \$4980)

(\$4980÷2+\$3980+\$760)÷(\$4980 × 3) × \$500(2Week) × (\$4980 / \$4980) = \$242

 $($4980 + $4980 + $4980) \div ($4980 \times 3) \times $660(1Week) \times ($3980 / 4980) = $527$ 

### When your 8Point downline makes a cell

New Distributor(2) is within the 8Point system of New Distributor(1). In this case, New Distributor(1) will recive an additional campaign bonus of \$324. Your "own cell" and your "downline cell" will be compared and the lower bonus amount will be granted for your additional 8point cell bonus.

Therefore, your total campaign bonus will be \$385+\$385=\$770.

If New Distributor 2 completed his/her cell in the 2nd week since registration day, New Distributor 1 will receive additional bonus depending on New Distibutor 2's achievment week.

Therefore, your second bonus will be the following.

 $($3980 + $3980 + $760) \div ($4980 \times 3) \times $500(2Week) \times ($4980 / $4980) = $292$ 

#### (FAQ)

Q. If you are an existing distributor (6A for example),

do I have to start a new 1~2A line or can I still make three 6A lines?

- A. You have the right to choose either or. You are still eligible to receive the bonus as long as you make three direct sales and make your own cell.
- Q. Can existing distributors still get bonus if a cell is made from their old lines? (lines prior to the start of this campa
- A. Yes. Any cell within your 8points (from any prior lines) will count towards your additional bonus as long as you completed your own 3 direct sales (1 cell).
